**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do the right thing and support competition instead of monopoly in the telecom market. We are so happy and grateful that Sonic has provided Gigabit ethernet after years of high pricing from DSL providers and exclusive service that wasn't very good, and didn't keep up with technological capabilities to offer the gigabit ethernet that everyone can have. Competition builds the future, please do not allow AT&T and others to charge for the unbundled network elements or the "last mile" so to speak. This infrastructure belongs to all of us, not just to them.
